Request Type: Access Modification - Department Transfer

Employee Details:

- Name: Kavita Patel
- Username: kpatel
- Current Department: Engineering
- Transfer To: IT Infrastructure
- Effective Date: 2026-02-05

Kavita is transferring from Engineering to IT Infrastructure. Please update her access accordingly - she will need infrastructure tool access for her new role, and her previous Engineering access should be revoked per security policy.

Department and reporting line changes will be handled by HR separately.

Note from Manager: She starts in the new role Wednesday. Please have access ready by morning.

Actions Taken

- Located Kavita Patel's account (username: kpatel) in the Directory, Groups tab.
- Confirmed her existing group memberships: Domain Users, Engineering.
- Added her to the IT Infrastructure group to grant access to her new team's tools.

Figure 2 — Adding Kavita Patel to the IT Infrastructure group

- Removed her from the Engineering group to revoke her previous department access per security policy.
- Verified the final group membership showed Domain Users and IT Infrastructure only, with Engineering removed.
